COVID-19 Policies: Guest Policy

- Students are not permitted to have guests who do not reside in their specific building. This includes residents outside of their assigned building and family members. Allowing others to access to the property may be dangerous or unsafe and could expose the community to COVID-19.
  - Within the same building, residents can visit other resident rooms but should keep these interactions to a minimum and must follow face covering and physical distance guidelines.
  - No resident may have more than two guests in their room at one time.
  - Students should keep track of people with whom they come in contact, in case contact tracing is required.
  - If residents are aware of someone violating the guest policy they should contact the HRL staff immediately by calling the service center or RA on-Call depending on time of day (don’t wait until after the guest has left).

Failure to comply with the guest policy will result in:
- 1st time: Residential Probation, 2nd time: Removal from Housing
COVID-19 Policies: Face Coverings

- Students must wear a hands-free double-layered face covering designed to restrict droplet transmission in the following situations:
  - While in any spaces outside of their assigned suite or room;
  - While guests are present in their room (only guests who live in the building are permitted);
  - When answering the door;
  - Any time that physical distancing is not possible.

Failure to comply with the face covering policy will result in:
- **1st time**: Warning,  **2nd time**: Residential Probation,  **3rd time**: Removal from Housing
Residents must utilize shared restroom facilities only one person in the restroom at a time to promote social distancing.

- Residents must hang the color-coded “This Restroom is Occupied” sign on the exterior of both restroom doors while in the restroom.
- Face coverings should be worn in the bathroom unless the activity does not permit it (e.g. brushing teeth, taking a shower)
- To protect themselves and others further, residents must clean restroom surfaces after use with HRL-provided cleaning supplies
Every residential student and staff member must complete the screening questionnaire every morning BEFORE leaving their suite. This questionnaire can be accessed through Single Sign-On (SSO) –COVID 19- Pre-Screen chiclet. Answer the questions as appropriate.

- If NO is checked in all responses, the student will be allowed to go about their day.

- If YES is checked in response to any question, an auto-email is sent to SHS. The student will receive an online message that states “Please do not leave your room until contacted by SHS or cleared by a physician.”

- SHS will contact students and determine the appropriate course of action (approved to go about your day, seek medical guidance, quarantine, etc.).

- If SHS determines students must quarantine, they will contact HRL to begin the quarantine/isolation relocation process.

- If residents suspect they have COVID, they should contact HRL immediately.
COVID-19 Policies: Isolation/Quarantine

- Self Isolate and Wait for Instructions
- If need to isolate/quarantine-- Go Home if possible
